AM Japan Nagoya Office

18F., Nagoya Int'l Center Bldg., 47-4, Nagono 1-Chome, Nakamura-ku, Nagoya, Aichi, 450-0001, Japan
TEL +81 (0)52 446 7800 FAX +82 (0)52 446 7801

AMCoretek India

AMCORETEK INDIA PRIVATE LIMITED, 57/1&2, Eco Tech-1., Extension-1., Greater Noida, Gautam Buddha Nagar, Uttar Pradesh, India, 201308

Korea Factory

Ellim Building, 33, Dunchon-daero 497beon-gil, Jungwon-gu, Seongnam-si, Gyeonggi-do, Korea

Vietnam Factory

Lot FJ24, Song Khe-Noi Hoang (South) IZ, Tien Phong, Yen Dung District, Bac Giang, Vietnam

Connecting the world, Driving values and Enabling services
with **AM Telecom**

Business Area

AM Telecom has been accumulating state-of-the-art wireless technology by developing mobile handsets since the foundation in 2001 and leveraging the expertise on a variety of IoT/Telematics solutions and mobile broadband products supporting 5G/LTE/3G networks, such as an Embedded Module, Router, Tracker, PTT smartphone, etc. We have approx. 100 highly-experienced R&D engineers and it enables a cumulative business record with top world-class customers around the globe. Our stringent quality assurance system based on long-term business background with Automotive & Telco customers delivers highly reliable products and solutions which can make customer's services much stronger in extremely competitive markets nowadays.

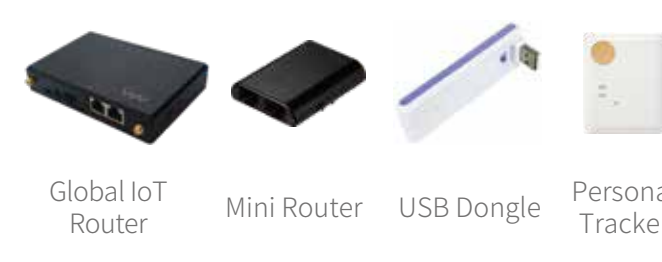

IoT Modules

- 5G/LTE/3G/NB-IoT/Cat. M1 & Global modules
- Various Form Factors such as LGA, M.2, etc.
- Reliable Service Quality through our full integration experience on various customer solutions

Data Devices

- Develop and manufacture various 5G/LTE Data Devices such as Router, USB Dongle etc.
- Tracking Devices for Personal Tracking and Asset Management

Automotive Solutions

- 5G NAD(Network Access Device), TCU(Telematics Control Unit), AVN(Audio/Video/Navigation) system
- Fleet Management Devices and Solutions such as OBD and Vehicle Tracker

Public Safety LTE Devices

PS-LTE/LTE-Railway PTT Smartphone

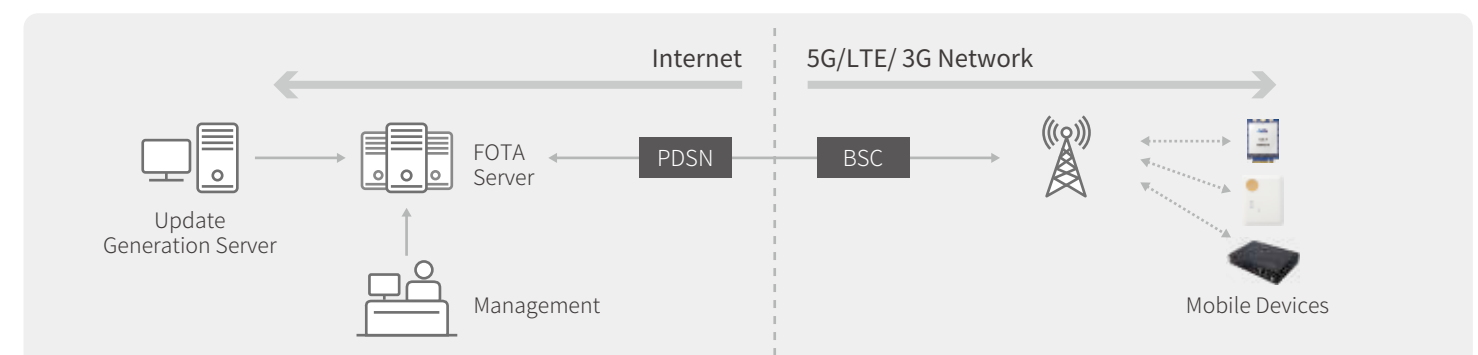

LTE-Maritime Router

- Ruggedized LTE PTT Smartphone satisfying IP68 and 1.5m drop test compliant
- PS(Public Safety)-LTE, LTE-Railway and Commercial LTE network support
- Latest Android OS support
- B2G market for public safety officials of the police, fire station, the military or security service.
- Adopting both a commercial LTE Router and LTE-Maritime Transceiver for maritime navigation
- Easy installation by one body for two different device operation
- Superior LTE telecommunication performance optimized for a domestic marine environment
- Supporting IP67 Dust/Water resistance, Anti-salt damage and Anti-shock performance

Remote Management Solution

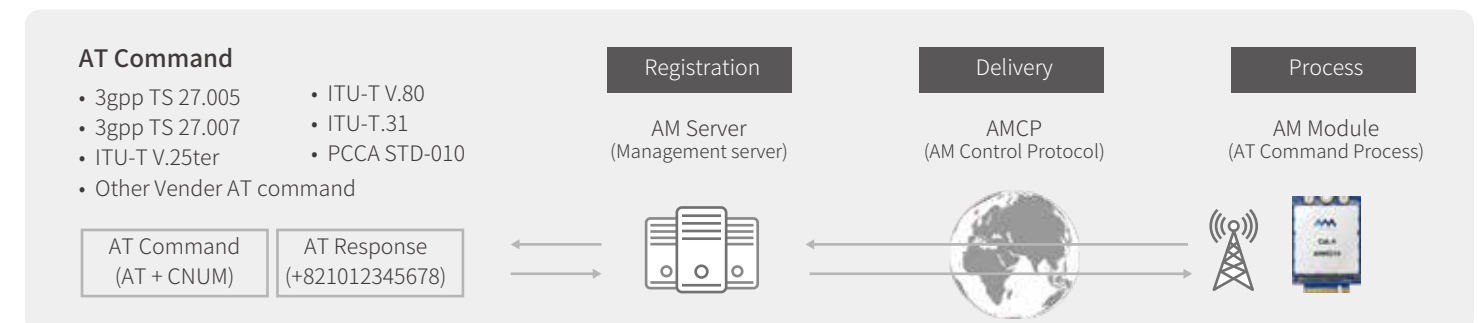

AM FOTA

- AM Telecom's proprietary FOTA(Firmware Over The Air) Server / Client solution
- Stable, simple and cost-efficient firmware update solution

AM DM (Diagnostic & Monitoring System over the air)

- Devices diagnostic & Monitoring Solution developed by AM Telecom
- Enabling immediate reaction to field issues by Remote AT command and File Get feature

Certification
